

# I Wait for You

Stephen Pearson

♩=95    C                    F                    G                    C                    Am                    F                    G                    C

1. Al - though the bat - tle's just be - gun,                    I know in You, the bat - tle's won.  
 2. The en - e - my can both re - side                    in things with-out, and things in - side.  
 3. You are the hope that con - quers fear.                    You are my com - fort ev - er near.  
 4. No mat - ter what may come my way.                    I shed the night, em - brace the day.

Am                    Dm                    G                    Am                    F                    G                    **1.2.3.**                    F                    G                    **4.**                    F                    G

As morn-ing dawns, I wait the sun.                    I wait for You.                    Wait for You.  
 And yet in all You are my guide.                    I wait for You.                    Wait for You.  
 I shall not doubt, my faith is here.                    I wait for You.                    Wait for You.  
 With-in Your arms, there shall I stay.                    I wait for You.                    Wait for You.                    Wait for You.
